

APRIL AND MAY 2020

It is rightly said, “When the going gets tough, the tough gets going”.

When the Covid lockdown started in the month of March, nobody envisaged that it would be such a long drawn affair, forcing people to change their life style, change the way they look at things and adapt to a new normal.

One such new normal has been changing the way learning is imparted. The teaching faculty at DPS Greater Noida rose to the occasion yet again and displayed the mettle they are made of. Initially the classes started on Zoom but soon the school moved to the Microsoft Teams. Under the initiative of the DPSS, being overseen by Brig. J.S Suri, Advisor Security and Consultant DPS Society, Ms. Swati Pandey and Ms. Kajal Prabhu attended a workshop organised by the Microsoft Teams on April 14, 2020 to understand the mechanism and functionality of this digital platform for effective online teaching.

The children also adapted to the new virtual teaching – learning platform with alacrity and enthusiasm. It has been two months and each day that has passed has brought about new learnings through uploaded original subject videos and virtual live interactive classes initially through Zoom and then through MS Teams at all levels from Nursery to XII.

Under the able guidance of the Principal, Mrs. Renu Chaturvedi, Headmasters and Headmistress, each faculty has risen to the occasion and the result is evident in the appreciation of the parents during the online PTMs held at all levels.

The school also helped the students with online career counselling classes, information related to various online examinations and videos made by the Music and Dance Department.

Learning made fun, online.....

Effective communication is the key to success in online education and that's where the term 'netiquette' comes in. It refers to being courteous and using correct vocabulary when communicating with others online.

An Advisory for online netiquettes or netiquettes in online education was presented by Mr. Rakshit Tandon in which he elaborated upon rules for online classes, video lessons and live interactions for students, teachers as well as parents.

Bridge Course Worksheets

Bridge course worksheets for Maths, Hindi, English and EVS were shared with the parents on alternate days. The worksheets were based on the previous year's syllabus. These sheets were recapitulation sheets to serve as a bridge between the topics taught in the previous year and the current year.

Various Links/E-Books shared

From mid-April, teachers shared various activity videos, academic links, e-books, informative videos and competition-based information with the students to enhance their learning and to keep them engaged constructively. Since most of the students were not able to buy books, passwords and links for E-Books, PDF pages and various images of the book pages, link for Storytelling sites, Extra marks, Scholastic App and Appative App for downloading Ratna-Sagar Books, were shared with the class groups.

Acrostic Poem on Earth Day

An **acrostic** is a poem in which the first letter of each line spells out a word or a message. The children were encouraged to create an Acrostic Poem on the Earth Day. The poems were later recited in the interactive online classes.

This activity was done in the form of a worksheet given to the students. The objective of this activity was to make students reflect on how they can contribute to the environment at their level and be able to give expression to their feelings.

DWF (Danish Water Foundation) – The WISE Foundation

This online activity was initiated on April 21, 2020. The students were required to make an animal or bird by paper cutting and upload their creative posters and art work.

Mother's Day Activity: To mark this day, special recipes for Biscuit Canapes and Mini Sandwiches were shared with the students through the monthly info sheet. Children were encouraged not only to try out these easy, lip smacking recipes, but also to make them for their mother to make her feel special. The tiny tots drew and coloured cards for their mothers.

Mother's Day Videos

You Tube link for a video was shared with all the students from classes Nursery to V. The videos were a DPS Greater Noida production. The songs emphasised on inculcating good habits among children and encouraged them to help their mothers with household chores. It was a lively song based on the tune of 'Jingle Bells' appropriate for the young viewers.

DPS Prayer/ Song

The Music Department of the school created and shared beautiful music videos to boost the morale of all the students. The morning prayer, '*itni shakti hume dena daata*' was recorded and shared with the students. They were urged to listen, learn and practise the song at home so that it could be sung on re-opening of the school.

Another music video that was shared with the students was a fine example of collaboration between the Music Department and the Principal, DPSGN. It presented the school anthem 'DPS ki Shaan', penned down by the Principal, Mrs. Renu Chaturvedi, along with Ms. Bhawana Dalela from the Hindi Department. The music composition was done by Ms. Sonam Mishra and Mr. Abhinav Sharma from the Music Department.

World Book Day

On the occasion of the 86th birthday of the celebrated children's books writer, Ruskin Bond, school shared various Power Point presentations, quotes, short stories & PDF files depicting the life of Ruskin Bond. These videos were shared with all the students from classes II-XII, on May 18, 2020. Various competitions were initiated by the library department on the occasion:
